

Board of Veterinary Medicine

❖ *Mission and philosophy*

The mission of the Board of Veterinary Medicine is to safeguard the health, safety and welfare of Wyoming residents. The board promulgates, implements and enforces rules and regulations that establish uniform and reasonable minimum standards in education, experience and examination; defines a professional development program for continued competency of license holders; adopts codes of conduct in the practice of veterinary medicine; and defines procedures for receipt, review and resolution of complaints filed against license holders.

❖ *Strategic plan changes*

The strategic plan for the board is incorporated with the Department of Administration and Information. The goal is to safeguard and promote the public health, safety and welfare by maintaining consumer confidence in obtaining professional services through adherence and enforcement of high standards for professional licensing.
